

Thank you for your interest in **Little David** Case Sealers by **Loveshaw**. Here is your recently requested pricing for a Model **LD7D** semi automatic uniform case sealing machine. This machine will receive from your operator uniform sized regular slotted containers. The case will be processed and 2" wide pressure sensitive tape of commercially good quality will be applied to the top and bottom center seam with leading and trailing tape tabs of 2-1/4" to 2-1/2". The case will then be discharged onto your exit conveyor. This machine will accept uniform sized regular slotted containers with the following dimensions:

	<u>Length</u>	<u>Width</u>	<u>Height</u>
<b>Min:</b>	<b>6"</b>	<b>4-1/2"</b>	<b>4-1/2"</b>
<b>Max:</b>	<b>INF</b>	<b>20"</b>	<b>24"</b>

We propose production speeds of this equipment to be approximately twenty-six (26) containers per minute based on a 24" long case @ 80 feet per minute belt speed. However, throughput speeds of a semi automatic machine can only be determined by operator efficiency and length of time necessary for packing.

**Price Includes:**

- semi automatic case sealer
- 22-1/4" conveyor height adjustable up to 30" in 1" increments
- 110 volt or 220 volt single phase electric's
- single mast construction
- bottom belt drive
- removable and interchangeable tape cartridges
- right to left case flow
- CASELOCKER ST tape cartridges

## **Installation:**

Installation, training & service will be provided by the local distributor at prevailing rates. The delivery of this **LD7D** machine can be made in approximately two (2) to four (4) weeks from receipt of a firm order. This quotation is valid for 60 days from date issued. Thank you for giving us the opportunity to bid for your business.

## **Terms:**

Net 30 days.

## **LD-7 Semi-Automatic Uniform**

### **Features:**

- UL listed
- Single mast design
- Compact design allows for portability
- Self centering, self tensioning belts to reduce wear

### **Specifications:**

- Power requirements: 120 volts, single phase, 60 cycle, 5.8 Amps
- Operating Speed: continuous belt drive; 80' per minute (24.4m/min)
- Case capacity (with 2" wide CaseLocker ST™ cartridge):
  - Length: 4-1/2" (114mm) - infinite
  - Width: 4-1/2" (114mm) - 22" (559mm)
  - Height: 4-1/2" (114mm) - 24" (610mm)

### **Features on all Case Sealers:**

- Plug in operation, minimal operator training required
- Conveyor height is 22-1/4" for all except LD-16R is 24"
- Sealed drive system for low maintenance
- CaseLocker ST™ tape cartridge requires no lubrication
- Knife guard system of the CaseLocker ST™ tape cartridge allows the blade to be exposed only when the rollers are depressed
- 7 through 11 gauge steel - heavy duty construction
- Simple adjustments for quick changeover
- Low maintenance
- Warranty - Reliable Performance
  - 1 Year All Components\*
  - 2 Years Gear Reducer
  - 3 Years Cartridge\*

\*Moving and wear parts are not included. Other restrictions may apply. Consult Loveshaw or your authorized Little David® Distributor for details.

### **Options: (Consult Factory)**

- Casters
- Adjustable leg extensions
- High mast for box heights to 34" (864mm)
- Front and rear solid or roller pack table
- Top squeezers
- Folder/mailer
- Special colors matched in powder coating, stainless steel or STEEL IT is available
- NEMA 4, NEMA 7, 3 phase electrics
- Spare parts kit
- Top hold down sled (for semi-automatic case sealer model)
- Low tape warning
- No tape warning
- Spare parts kit
- Spare pressure sensitive tape cartridge
